“For more than 10 years Ted has provided prompt personal attention to the legal needs of my business and family. Ted recently recommended and implemented the reorganization of the corporate structure of my business, including the establishment of a holding company and family trust. His firm has always exceeded my expectations and is an important and trusted advisor.”

## Reasonable cost

“Ted has been my lawyer for 20 years. Several years ago I purchased my first multi-tenant residential building and I now own or manage three properties. I have been pleased with the efficient manner with which Ted has handled the complex issues relating to the purchase, financing and leasing of the properties and with the reasonable fees charged.”
